

COLLEGE RECRUITING INFO

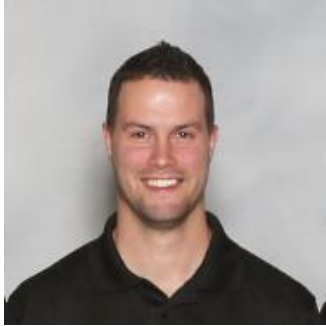

At Top Flight VBC we take pride in assisting our club athletes during their college recruiting process. We understand it can be a stressful time, but we want to walk you through the process. If our athletes want to play in college then we will help to assist them in finding the right fit academically and athletically. If they are undecided, we walk them through the process to help them to understand what they should be doing and what they should be looking for during their college selection. We believe there is a fit for each and every athlete in our program.

DETAILS

1. One on one meeting with our college liaison.
2. Learn about the recruiting process.
3. Research the schools you'd like to attend.
4. Assistance with how to communicate with the schools.
5. Assistance with recruiting video and what should be included.
